Hiring Team

Avanade

Subject: Application for **Intern, Cloud Engineer**

Dear Hiring Team,

I am excited to apply for the Cloud Engineering Internship at Avanade, as advertised. With a master's in applied computer science from Dalhousie University and over two years of hands-on experience in cloud technologies, distributed systems, and software engineering, I am confident that my skills align perfectly with the requirements of this position. I am eager to contribute to your team and help create innovative solutions for Avanade's clients.

In my role as a Software Engineer at Simform Solutions, I have developed and optimized cloud-based distributed systems, utilizing technologies such as **Azure**, **Kubernetes**, and **Docker** to ensure scalability and high availability for production environments. I have also led the development of automated **CI/CD pipelines** using **GitLab CI** and **Jenkins**, which improved deployment efficiency by 25%, ensuring a seamless process for the team. These experiences have honed my ability to manage cloud infrastructure, automate processes, and monitor systems for optimal performance, directly aligning with the responsibilities of the Cloud Engineering internship.

Moreover, I have a strong foundation in developing and deploying **microservices** and **backend infrastructure**, with a deep understanding of **Kubernetes**, **Docker**, and **Terraform**. I am particularly drawn to Avanade's commitment to leveraging cutting-edge technologies and creating impactful solutions, which resonates with my passion for learning and applying emerging technologies. My collaborative spirit, strong problem-solving skills, and proactive approach to tackling challenges have made me a valuable team member in agile environments.

I am excited about the opportunity to bring my technical expertise in cloud infrastructure and software engineering to Avanade, and I am confident that my dedication to continuous learning and improvement will allow me to contribute meaningfully to your innovative projects. I look forward to the possibility of discussing how I can contribute to your team and help deliver exceptional results for your clients.

Thank you for considering my application. I look forward to the opportunity to speak with you further about how my skills and experience align with the goals of your internship program.

Sincerely,
Vraj Shah
