Hiring Team

MNP

Subject: Application for **Intern, Quality Assurance**

Dear Beth Jiggins,

I am writing to express my strong interest in the **QA Co-Op position** at MNP, as advertised. With a solid background in software engineering, specializing in mobile and web application testing, automation, and CI/CD, I am eager to contribute my skills to your dynamic Technology – Development team. I am currently pursuing my **Master of Applied Computer Science** at Dalhousie University and have hands-on experience in **test automation, functional and regression testing**, and performance testing, making me an ideal fit for this role.

During my time at **Simform Solutions**, I honed my skills in building and maintaining test suites using tools like **Selenium WebDriver, Appium, and Playwright**, which improved testing efficiency by 30%. I developed **API test automation** scripts using **Postman** and **Python**, helping ensure 99% uptime and significantly reducing manual testing efforts. Additionally, I integrated **CI/CD pipelines** with **GitLab CI/CD** and **Jenkins**, cutting deployment times by 50%, while conducting thorough performance testing with **JMeter** to ensure system scalability.

I am particularly drawn to MNP's commitment to providing innovative solutions and its collaborative, entrepreneurial culture. I thrive in Agile environments, and I enjoy working with cross-functional teams to identify and resolve issues while ensuring high-quality releases. I am excited about the opportunity to contribute to MNP's digital transformation efforts, while also gaining invaluable hands-on experience in quality assurance practices.

As an **independent learner with strong critical thinking skills**, I am eager to grow in a company that values diversity, innovation, and teamwork. I am confident that my technical skills and passion for quality assurance will allow me to make a meaningful impact on your team. I would welcome the opportunity to further discuss how my skills align with MNP's goals and how I can contribute to your ongoing success.

Thank you for considering my application. I look forward to the possibility of discussing my qualifications in more detail.

Sincerely,
Vraj Shah
